WEDNESDAY, JUNE 9, 1875.

UNCONSTITUTIONAL.

Our last Legislature made several radical changes in the jury law, particularly as to the manner in which juries in criminal cases shall be impaneled. Only two or three cases having been tried under the law as amended, it is difficult to form a correct opinion concerning its practical effects when in operation. There seems, however, to be grave doubts about the wisdom of the enactment, and Judges Rives, of the Piche District Court, has gone so far as to pronounce it unconstitutional. The *Eureka Sentinel*, speaking of this subject says:

The bill was drawn by Judge Beatty, of the Supreme Bench, and its whole scope and intent was to render more certain the conviction of persons charged with crime amounting to capital offenses. Through the incapacity or culpability of jurors, under the old system, notorious criminals in many cases were allowed to escape the punishment they so richly deserved. It was to remedy this crying evil if possible that caused the law to find favor with legislators. Many doubted its wisdom, but as it was a long step in the right direction, nearly every member consented to allow the experiment to go on the statute books. As a matter of course, the ruling of a District Judge cuts no figure with the validity of a law, the power to decide constitutional questions being left solely with the Supreme Court; yet, until the latter tribunal has passed upon a given enactment, courts of inferior jurisdiction may construe statutes in conformity with the peculiar views of the presiding judicial officer. Judge Beatty having been the author of the law in question, we shall expect to see its validity upheld by the Supreme Court. The Gleason case, however, can not now be carried to that tribunal.

As the visit of the Sioux to Washington to negotiate with the Government for relinquishment of their possession of the Black Hills, has proved to be a failure, and as the Indians went away much dissatisfied, difficulties are apprehended between them and such whites who may enter their country to seek for gold. It is estimated that the Sioux can muster from 3,000 to 5,000 warriors, about half of them armed with rifles and the remainder with bows and arrows.

A vote of \$25,000 in aid of the Philadelphia Exhibition passed the Sydney Legislature without a murmur. Its expenditure has been entrusted to a Royal Commission, including many of the most influential public men in the Colony. The United States Consul was honored by a nomination on it, but declined acting owing to a press of official business.

The New York *Herald* publishes a long letter from Long Branch, giving a sketch of the President's habits there and Summer life at his cottage. The President's habits are simple. He is reading with some interest Sherman's Memoirs; his criticism of the book is more considerate and friendly than any that has yet been evolved.

Mrs. Mary L. Sanborn, a widow, is a candidate for Superintendent of Public Schools in San Diego county, Cal. The *Union and World*, papers of opposite politics, support her, and as she is well qualified for the position, it is said she will be elected.

The following gentlemen have been unanimously elected honorary members of the new San Francisco Stock Board: Messrs. Flood & O'Brien, J. P. Jones, Sharon, Mackay, Fair, Morrow and Fry.

Mail service between Genoa and Lake Valley has been discontinued.

The prospects for a crop in the upper portion of Carson Valley are said to be remarkably good.

The people of Hamilton will display their patriotism in the old pyrotechnic way on the glorious Fourth.

The people of Dayton are making up purses for the horse races which will take place there on the Fourth of July.

Several prospecting parties left Elko last week for various mining districts in the northern part of that county.

A large force of men are employed repairing the road between Elko and Cornucopia, and it will soon be in splendid condition.

The scarlet fever is abating at Eureka. No new cases are reported and those who were affected by the contagion are convalescent.

The eighth annual meeting of the Alpha Mining Company, for the election of Trustees, etc., will be held at their office, in San Francisco, on the 21st instant.

The Consolidated Virginia Mining Company have declared dividend No. 14, of \$10 per share, aggregating \$1,089,000, which is payable on Thursday, the 11th instant.

The Consolidated Virginia mill will be lit with gas in a few days from now, instead of with lamps. No less than five or six lamps have exploded in the mill since it was built, so that the introduction of gas is for safety more than economy.

There is a cage containing four white mice at the Delta Saloon, Virginia, which are quite a study. After seeing their maneuvers for an hour or two, one is not at all surprised at the racket made by mice generally, for during the earlier part of the evening they take constant and violent exercise.

The *Eureka Sentinel* notes the sale by Mr. Pritchard, of his interest in the Narrow Gauge Railroad between Palisade and Eureka, to his partner Mr. Mills. This, says the *Sentinel*, is of the greatest importance to Eureka and its immediate surroundings, and insures rail connection with the Central Pacific by the middle of October next.

Justice Field, of the United States Circuit Court, will be present to hold the June term of the United States Circuit Court for the District of Nevada, at Carson, on the last Monday in June, the 28th instant, if the business of the term, except as parties desire to have heard before the District Judges, will be postponed until that day.

In view of the prevalence of scarlet fever in Virginia City and its suburbs—Gold Hill, Silver City and Carson—parents would doubtless be glad to receive from some physician of repute a few hints as to precautionary measures, the first symptoms of disease, and the best course to adopt in case the services of a doctor cannot be promptly secured.

Nevada Lodge, No. 1, Knights of Pythias, of Virginia, was presented Sunday night with a silver cup by E. A. Bierke, of the Sacramento Saloon. S. H. Goddard made the presentation speech, which was responded to by members of the Lodge, after which a sumptuous banquet was served, and the sparkling champagne flowed freely. The presentation took place at the hall of the Order. The cup was manufactured by M. M. Fredrick.

The Railroad Company having reduced the rates on crude sulphur from Mill City to San Francisco to \$10 per ton, Hale & Wright are making arrangements to ship immense quantities of it during the Summer.

San Francisco pays \$725 a month for whisky and other liquors for use in the County Hospital.

Ten years ago, the 13th of last month, the Alabama captured a ship on which was a large lot of paper belonging to Jas. Anthony & Co., of the Sacramento Union. The Alabama Claims Court has awarded them \$90,902 at four per cent. interest from the time of the capture, which swells the amount of their award to over \$117,502. A comfortable little sum in these days. The Alabama claims are to be paid in gold, or should be, as Great Britain paid the award against her in gold coin.

It is in the New York Times that we find these few truths: Such men as Bristow and Jewell may give the thieves rough handling, but unless the people not only stand by them resolutely, but carry the same kind of reform into their local affairs, beginning at the very sources of political power, raids on whisky rings and nail contractor's rings will be at the best only an occasional spasm of virtue.

Proceedings of the Board of County Commissioners.

Board met Tuesday, June 8th, pursuant to adjournment—all present.
Ordered, That bills not presented before the first day of the session, will not be acted on by the Board at that session.
The Sheriff was ordered to work the prisoners.
The Reno road district was created—the same to correspond with the boundaries of the Reno voting precinct.
Geo. Jamison was appointed Road Supervisor of Reno road district.
Ordered, That 50 per cent. of all poll taxes collected in that district be set apart as a road fund for Reno district.
The Reno Road Supervisor was ordered to notify the owners of the ditch running across Virginia street to put the bridge over that ditch in good condition.
A similar order was made concerning the bridge over the English Mill Co.'s ditch, on the Peavine road.
Fifteen hundred dollars was ordered transferred from the Indigent Sick to the Hospital Redemption Fund.
The Board made an order that upon the payment of the costs incurred by the purchase of lot 10, block M, in Reno, the county would relinquish all claim.
The bill of the State of Nevada for nineteen hundred and odd dollars against Washoe county for extraordinary expenses in prosecuting delinquent taxes, was laid over.
The bill of Wm. Thompson for \$1,000 for services in assisting in the collection of delinquent taxes from the C. P. R. R., was also laid over.
Bills of A. J. Hatch and G. W. Avery were laid over.
The following bills were allowed: H. H. Hogan, \$25; Dr. W. Bergman, \$10; Peleg Brown, \$112; Orrin Ross, \$100; E. Owens, \$127 00; Wm. Thompson, \$28; H. S. Fish, \$5.
Board adjourned till the first Monday in July.

IMPROVEMENTS AT THE BOWERS MANSION.—Persons who attended the Red Men's picnic last Saturday report that very many important improvements have been made at the Bowers Mansion. Instead of the miry lane, through which it was necessary to pass to reach the grounds formerly, a smooth and level road has been opened, leading from the railroad directly in front of the house. A new and commodious dancing hall has been built and several fine apartments have been added to the Mansion. New walks have also been laid out and all means are taken by the proprietress to make this retreat a more attractive resort than ever before.

SODA.—We return our thanks to Jones & Co, for a box of soda water, of their own manufacture. The soda they make is of a superior quality. Try it.

INTERESTING TO THE LADIES OF RENO AND VICINITY.—The new dress-making establishment opened by the Misses Vance, on a Plaza street, opposite the freight depot, will receive and make to order in the latest styles, all kinds of plain and fancy sewing.

EL DORADO SALOON.—Conrad Zick has just taken charge of this place, opposite Wintermautel's Hotel. Every attention paid to the patrons. Musical headquarters.

BOOTS AND SHOES, ETC.—It is an established fact that these articles can not be got along without. Hence, it necessarily follows, that in the purchase of them we should not only look to price but to quality, for none of us desire to pay an extortionate price for an inferior quality of boot or shoe. There is no doubt but that John Sunderland can give us complete satisfaction in both respects. Then to Sunderland's, (on Virginia street), we will go, for boots, shoes, slippers, and all goods of that class.

TO RENT.—Mr. Wm. Hoffman desires to rent his house on West street. A good tenant can make an excellent bargain.

\$55 will buy you a Wilson sewing machine—best and cheapest in America. Terms to suit any and all. Mrs. G. P. Barnett, Plaza St., sole agent for Reno. m13-1m

NOTICE.—Mr. Nels. Greenman is no longer our authorized agent. Our patrons will govern themselves accordingly. St Lee & Co.

NEW GOODS.—Mrs. McNeely has just received a new and beautiful lot of goods of the latest styles and colors, consisting of ready made suits, dry goods, muslins, prints, white goods of all kinds, table linen, towels, napkins, black silk, hosiery, two-button gloves, gent's kid gloves, also handkerchiefs, ladies' handkerchiefs, parasols, Spring shawls, corsets, zephyrs. Millinery and fancy goods of all kinds.

From the 10th instant until July 1st no bullion will be received at the United States Mint, as that establishment will be cleaning up for the annual settlement.
